TELEGRAMS: "NOBELIUS, EMERALD."

GENERAL REMARKS

WE have much pleasure in presenting you with our **Thirty-Fourth Catalogue of Trees**, and avail ourselves of the opportunity to thank our Customers for the support accorded us during the last thirty-three seasons, and shall do our best to merit a continuance of their favour and recommendation.

Locality.—The Nurseries are situated at Emerald. Railway Siding and Office are at the Nurseries, half a mile from Emerald Railway Station, on the Ferntree Gully and Gembrook line.

Stock.—The Nurseries contain over two and a half million trees in various stages, all perfectly clean, healthy, free from all insect pests, and in the best possible condition. The soil is particularly suitable for producing nice fibrous-rooted trees, thus ensuring a safer removal to other places.

The Nurseries are regularly examined each season previous to sending out trees, and a Clean Certificate can be had with each consignment if required.

All trees are most carefully packed for transmission to any part of the world, so as to ensure their arrival in good order.

Orders.—Orders will be booked at any time, and executed in May, June, or July. Every order is immediately executed on receipt of same, or acknowledged. If no reply be received within a few days, it may be assumed that the letter has miscarried.

Terms.—The prices quoted are for Cash within one month of receipt of invoice.

Charges are made up on the following basis:—

At the each rate up to 3 trees of a variety, irrespective of the total number ordered.

At the dozen rate from 6 plants.

At the 100 rate from 50 plants.

At the 1,000 rate from 500 plants.

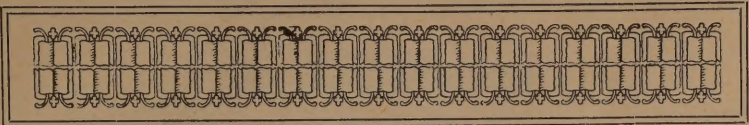

Unknown Correspondents are kindly requested to remit with their orders, or to name a Melbourne reference.

Payments may be made by crossed cheque, bank draft, or post office order, **the latter payable at Melbourne.** Small amounts may be forwarded in postal notes or in stamps.
